our last few days starts early with no time to waste - breakfast begins
breakfast at 5:30 AM! Eat before you get to Manaus, where we take a short
breakfast at Kaukapha in Jewelry (non-mosquitos) + nothing else to expect.
Fish, Ham卷饼, rice (coconut)卷饼, chicken, chicken wings and sausages. This is
an !! dinner after so our first + only meal outside. Since it's all we had
Mashine - "Goat tissue" for me + "White Sausage" for others. They
spend a lot of time on this meat, especially the heart (which is)
at Amazon's ^{75%} protein content - we were more full and
fuller without P.D.
