

## Classical

**Kontrabande:** Accomplished counter tenor Charles Humphries brought this group of young baroque enthusiasts together in 1997 to breathe fresh life into the music of the 17th and 18th centuries. Humphries has previously been praised for his elegant renditions of Bach's cantatas, so the performances of his *Vergnügte Ruh* and *Ich habe genug* should be particularly fine; the programme also includes Handel's *Organ Concerto in F* and Vivaldi's *Cessate, Omai Cessate*.
